

INTERNATIONAL JAZZ & CONTEMPORARY VOCALIST

FELICITY VISIC

An Australian vocalist shaped by jazz tradition, global experience and refined live performance.

Perth, Australia • Luxury hotels • Resorts • Casinos • Yachts •
Cruise venues

A LIFE IN MUSIC, A CAREER ACROSS THE WORLD

Perth-born vocalist Felicity Visic has built a remarkable international career defined by musical versatility, cultural adaptability and the polished professionalism required by the world's leading hospitality venues. Raised in a musical family and trained in contemporary, classical and jazz voice from the age of seven, she was accepted into the Western Australian Academy of Performing Arts at seventeen, where she pursued studies in jazz performance and music theatre.

Felicity has spent much of her adult life working as an international resident vocalist, often performing five or six nights a week through long-term contracts of three to twelve months. Her career has taken her to major cities, remote island resorts and luxury vessels across Asia, Europe, Africa, the Indian Ocean and North America. Selected engagements include Park Hyatt Tokyo, Mandarin Oriental Hong Kong, Grand Hyatt Shanghai, Shangri-La Singapore, Sofitel Legend Metropole Hanoi, Niyama Resort in the Maldives, the Taj Mahal Palace in Mumbai, Crown and Sands casinos in Macau, Sofitel Essaouira Mogador in Morocco and Sirocco Sky Bar at lebua Bangkok.

Her work at sea has been equally international. Felicity has performed aboard The World - Residences at Sea through Palau and West Papua, and with The Yachts of Seabourn on voyages through Denmark, Norway, the United Kingdom, Greenland, Iceland, Canada and the United States. These engagements demanded vocal consistency, stamina and the ability to read a room, respond to international audiences and shape each performance around the character of the venue.

Musically, Felicity moves with ease between jazz standards, swing, bossa nova, samba and blues, while also offering an extensive contemporary repertoire spanning soul, R&B, pop, reggae, soft rock and ballads. Her song list includes material in English as well as selected French, Portuguese and Mandarin titles, allowing her to create programs that feel sophisticated, accessible and genuinely international.

Her academic background complements her stage experience. In addition to her performance training, Felicity holds a Bachelor of Communication and has pursued studies in music education, English-language teaching, Mandarin Chinese and Indonesian. Elegant without being distant and versatile without losing her artistic identity, she represents the kind of vocalist luxury venues value most: experienced, dependable, engaging and able to transform a room through carefully chosen repertoire and genuine musical presence.

"Refined jazz sensibility, international experience and the versatility to connect with audiences anywhere in the world."
